

Cultivators designed for presowing cultivation. Light construction and short, compact design with a central centre of gravity does not put unnecessary weight on Tractor's suspension system. Proper cultivator's configuration allows preparing field for seeding after one passage.

### Standard equipment:

- front 12-string roller  $\varnothing 400$  mm
- four-row section of spring tines SV with continuous adjustable working depth up to 13 cm
- rear double toothed-string roller  $\varnothing 400/320$  mm or crosskill roller  $\varnothing 320$  mm/ string roller  $\varnothing 280$  mm
- versions 3,0÷4,0 m – rigid frame
- versions 4,5÷9,0 m – hydraulically foldable

### Technical specification:

TYPE	MAX 3,0	MAX 4,0	MAX 4,5	MAX 6,0	MAX 7,5	MAX 9,0
Mass [kg]	960	1150	1700	2250	2780	3300
Power demand [HP]	90÷100	110÷120	120÷130	160÷170	200÷220	240÷260
Number of knives [pcs]	32	36	48	64	80	96
Price [EUR]	4 500	5 700	7 200	9 500	12 000	15 500

### Additional equipment:

Carriage for semi-mounted version (3,0; 4,0)	3 650 EUR
Carriage for semi-mounted version (4,5; 6,0)	4 700 EUR
Carriage for semi-mounted version (7,5; 9,0)	7 050 EUR

### Standard equipment:

- two rows of toothed discs  $\varnothing 460$  mm
- rear double toothed-string roller  $\varnothing 400/320$  mm or crosskill roller  $\varnothing 320$  mm/ string roller  $\varnothing 280$  mm
- versions 3,0÷4,0 m – rigid frame
- versions 4,5÷9,0 m – hydraulically foldable
