

# MS, MX PREMIUM

## Mounted spreaders

Spreaders from **MX Premium** series are elaborate, popular models of fertilizer spreaders. Wide range of capacities from 850 to 3000 l allows optimal choice of spreader in accordance to farm's needs. They are characterized by compact and solid construction, very easy regulation of dose and working width. Years of experience and modern solutions applied in the spreader has been confirmed by regularity of spreading DLG certificate.

### Standard equipment:

- sieves with opening on both sides
- hydraulic closing and opening of tank bottom (h)
- mechanic closing and opening of tank bottom (m)
- indicator of inclination of the spreader
- spreading and adjustment desk

### Technical specification:

TYPE	MS 500	MX 850 M	MX 850 H	MX 1200 H	MX 1600 H	MX 3000 H
Closing of dosing holes system	m – mechanic		h – hydraulic			
Tank capacity [dm <sup>3</sup> ]	500	850	850	1200	1600	3 000
Working width [m]	10÷24	10÷24	10÷24	10÷24	10÷24	10÷36
